

PillowPack

BFK200G

PILLOW PACKAGING MACHINE

The BFK200G pillow packaging machine is a medium-to-high-speed pillow packaging machine specially designed for gummy candies and other types of soft candies in various shapes. It is suitable for products with dimensions of 20–150 mm in length, 11–45 mm in width, and 5–20 mm in thickness. It can produce both single packs and multi-packs in pillow packaging style, and can meet the packaging requirements of products of different shapes within the machine's permitted packaging size range

The machine adopts a PLC control system, including 3-axis servo motors, 1 variable-frequency motor, an ELAU motion controller, a human-machine interface (HMI), and a bus-based integrated control architecture, ensuring stable operation, convenient operation, and efficient maintenance

Special Features

- The conveyor chain is driven by a dedicated servo motor, ensuring smooth operation and excellent synchronization
- The longitudinal and transverse sealing wheels are driven by independent servo motors, ensuring firm sealing and strong adaptability
- The clamping and securing of the packaging film reel are automatically performed by a pneumatic system, making film replacement quick and labor-saving
- Equipped with a centralized lubrication system to effectively extend the service life of key components and reduce maintenance costs
- Manual feeding the number of manual workstations can be adjusted according to actual requirements

Main Data

Output

- Max.: 200 pcs/min

Size Range

- Length: 20–150 mm
- Width: 11–45 mm
- Thickness: 5–20 mm

Connected Load

- 11.35kw

Utilities

- Compressed air consumption: 4 L/min
- Compressed air pressure: 0.4–0.6 MPa

Wrapping Materials

- PET
- PP film
- Heat-sealable wrapping materials

Wrapping Material Dimensions

- Core diameter : 76 mm
- Outer diameter : ≤330 mm
- Width : 60–100 mm

Machine Measurements

- Length: 8,180 mm
- Width: 2,000 mm
- Height: 2,152 mm

Machine Weight

- Approx. 2,650 kg

Combinations

Can be combined with Sanke ZHJ-T200 cartoning machine, ZHJ-B300 cartoning machine, etc., to form a production line
